

Kia Rondo

#### This ANCAP safety rating applies to:

Make / Model	Kia Rondo	
Year Range	August 2016 - onwards	
Variant(s)*	All variants	
Vehicle Type	People Mover	

This model Kia Rondo was introduced in Australia in August 2016. This ANCAP safety rating is based on Euro NCAP tests in 2013 and applies to all variants.

Dual frontal, side chest and side head-protecting airbags (curtains) are standard. Advanced seat belt reminders are fitted to all seats, including the 3<sup>rd</sup> row in the seven-seat variant. A full list of safety features and technologies can be viewed within the *Safety Features & Technologies* table on page 2 of this report.

# Injury Outcomes.

Whiplash Protection Driver

GOOD Acceptable Marginal Poor

Side Impact & Pole#

Driver

## Test Results Summary.

Airbags	Dual Frontal, Side, Head
Frontal Offset Test	15.20 (out of 16)
Side Impact Test	16.00 (out of 16)
Pole Test	2.00 (out of 2)
Whiplash Protection	Good
Pedestrian Protection	Acceptable
ESC	Standard
Seat Belt Reminders	3.00 (out of 3)
Overall Score	36.20 (out of 37)
ANCAP Safety Rating	****
Rating Year^	2013

# **Occupant Protection.**

#### Frontal Offset Test

Each body region is scored out of 4 points

Head / neck:	4.00 points
Chest:	3.60 points
Upper legs:	4.00 points
Lower legs:	3.60 points

The passenger compartment held its shape well in the frontal offset test. Pedal and steering wheel displacements were well controlled. Driver and passenger contact with the airbags was stable. All doors remained closed during the crash.

#### Side Impact Test

Each body region is scored out of 4 points

Head:	4.00 points
Chest:	4.00 points
Abdomen:	4.00 points
Pelvis:	4.00 points

Good protection was provided for the driver in the side impact test.

#### Pole Test

Scored out of 2 points Score: 2.00 points

The vehicle was eligible for a side pole test because it has side curtain airbags. The vehicle scored the maximum 2 points for head protection in this test.

#### Whiplash Protection Test

Whiplash protection is assessed to the RCAR Protocol

Geometric test:	Good
Dynamic test:	Good
Overall whiplash rating:	Good

# Head protection only.

## Pedestrian Protection.

#### Pedestrian Test

Scored out of 36 points	
Adult & child head impacts:	15.44 points
Upper leg impacts:	1.73 points
Lower leg impacts:	6.00 points

This vehicle scored 23.17 out of 36 points (Acceptable). The bumper scored maximum points for its protection of pedestrians' legs, and scored maximum points. The front edge of the bumper gave predominantly marginal protection the pelvic region of a struck pedestrian. Head protection was adequate over much of the bonnet surface and windscreen, apart from the stiff windscreen pillars. (Tested by Euro NCAP v6)

# Score Deductions.

Deductions from frontal offset test scores

Head / neck:	No deductions
Chest:	No deductions
Upper legs:	No deductions
Lower legs:	No deductions

Deductions from side impact test score

Head / neck:	No deductions
Chest:	No deductions
Abdomen:	No deductions
Pelvis:	No deductions

Deductions from pole test score

Head: No deductions

## Safety Features & Technologies.

Descriptions of each of these safety features and safety assist technologies (SAT) and detail on fitting requirements for each star rating level can be found at **ancap.com.au**.

\* **Model Variants:** ANCAP safety ratings do not automatically extend to variants that have different body styles, engine configurations, driven wheels or occupant restraint systems (e.g. fewer airbags). In these cases, ANCAP considers technical evidence submitted by manufacturers before deciding on extending a rating to additional variants of a model. For further information about the application of ANCAP safety ratings to model variants, see the ANCAP Variant Policy.

^ Rating Year: The Rating Year denotes the year requirements against which a vehicle has been assessed. The Rating Year is determined by ANCAP and may be based on the year in which a new vehicle model is first launched into the Australian and/or New Zealand markets; the year in which the vehicle was tested (if tested by Euro NCAP); or, for vehicles which hold an existing ANCAP safety rating, the year in which the rating was updated (or earlier applicable year).
