#Scaled scores. Total test score out of 16.00 points.

Adult Occupant Protection.

Full Width Frontal Test

Each body region is scored out of 4 points

Driver	r Rear Passenger		ger
Head:	4.00 points	Head:	4.00 points
Neck:	4.00 points	Neck:	3.54 points
Chest:	3.33 points	Chest:	1.59 points
Upper legs:	4.00 points	Upper legs:	4.00 points

In the full width frontal test, protection of the driver was acceptable. Dummy readings for the rear passenger indicated marginal protection for the chest. Otherwise, protection was good or acceptable.

Frontal Offset Test

Each body region is scored out of 4 points

Driver / Front Passenger (lesser of each)			
Head / neck:	4.00 points		
Chest:	2.52 points		
Upper legs:	4.00 points		
Lower legs:	3.11 points		

The passenger compartment held its shape well in the frontal offset test. Dummy readings for the driver indicated marginal protection for the chest. Driver and passenger contact with the airbags was stable. All doors remained closed during the crash. After the crash all doors could be opened with normal effort.

Side Impact Test

Pole Test

Each body region is scored out of 4 points			
Head:	4.00 points	Head:	4.00 points
Chest:	4.00 points	Chest:	4.00 points
Abdomen:	4.00 points	Abdomen:	4.00 points
Pelvis:	4.00 points	Pelvis:	4.00 points

In both the side impact and the more severe side pole test, all critical body areas were well protected and the Countryman scored maximum points.

Whiplash Protection

1.67 points
0.75 points
1.99 points

Child Occupant Protection.

Crash Test Performance

6 year old child:	11.61 points
10 year old child:	11.21 points

In the frontal offset test, dummy readings indicated good or adequate protection for all critical body areas of both child dummies, apart from the neck of the 10 year dummy, protection of which was rated as marginal. In the side barrier test, protection of both dummies was good and the Countryman scored maximum points.

Child Safety Features & Child Seat Installation

Safety features:	5.00 points
Installation check:	11.50 points

NOTE: The child restraints tested by Euro NCAP are relevant to the European market. For Australasian consumers, this information should be used as a guide to vehicle features only. For more detailed information about Australian child restraints visit childcarseats.com.au.

Pedestrian Protection.

Pedestrian Test

Scored	out	of	42	points
--------	-----	----	----	--------

Adult & child head impacts:	19.94 points
Upper leg impacts:	1.29 points
Lower leg impacts:	6.00 points
AEB (vulnerable road user):	0.00 points

This vehicle scored 27.23 out of 42 points. The Countryman has an 'active' bonnet. Sensors detect when a pedestrian is struck and actuators lift the bonnet to provide greater clearance to stiff components in the engine bay. Accordingly, the car was tested with the bonnet in the raised position and good or adequate results were recorded over most of the bonnet area. The bumper scored maximum points, with good protection of pedestrians' legs. A pedestriandetecting autonomous emergency braking system is available as standard in Australia but it is an option for New Zealand models and was not tested. (Tested by Euro NCAP v8.3)

* Model Variants: ANCAP safety ratings do not automatically extend to variants that have different body styles, engine configurations, driven wheels or occupant restraint systems (e.g. fewer airbags). In these cases, ANCAP considers technical evidence submitted by manufacturers before deciding on extending a rating to additional variants of a model. For further information about the application of ANCAP safety ratings to model variants, see the ANCAP Variant Policy.

A Rating Year: The Rating Year denotes the year requirements against which a vehicle has been assessed. The Rating Year is determined by ANCAP and may be based on the year in which a new vehicle model is first launched into the Australian and/or New Zealand markets; the year in which the vehicle was tested (if tested by Euro NCAP); or, for vehicles which hold an existing ANCAP safety rating, the year in which the rating was updated (or earlier applicable year).
